PARTIAL ROUTING CANDIDATE — NOT FOR MANUFACTURE

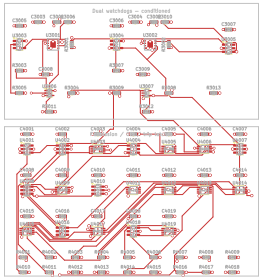

Local rail converters

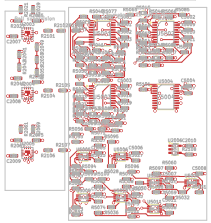

FPGA core — sourced BGA pads

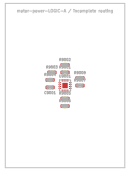

Dual watchdogs — constellioned

P1 / P2, other left, identity, SSR, restore — pending

motor-power-LDOC-A / incomplete routing

motor-power-FIELD-A / incomplete routing

motor-health-A / incomplete routing

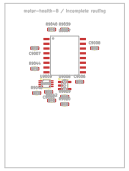

motor-power-LDOC-B / incomplete routing

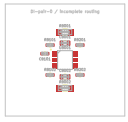

motor-power-FIELD-B / incomplete routing

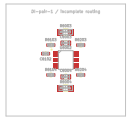

motor-health-B / incomplete routing

DI-pair-0 / incomplete routing

DI-pair-1 / incomplete routing

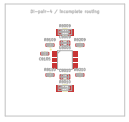

DI-pair-2 / incomplete routing

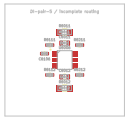

DI-pair-3 / incomplete routing

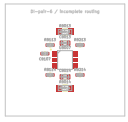

DI-pair-4 / incomplete routing

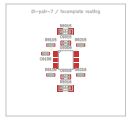

DI-pair-5 / incomplete routing

DI-pair-6 / incomplete routing

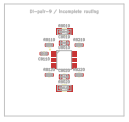

DI-pair-7 / incomplete routing

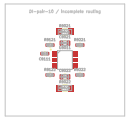

DI-pair-8 / incomplete routing

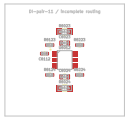

DI-pair-9 / incomplete routing

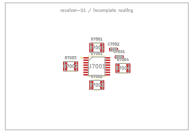

DI-pair-10 / incomplete routing

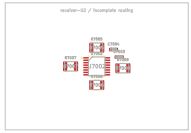

DI-pair-11 / incomplete routing

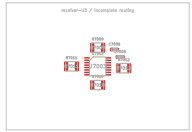

receiver-01 / incomplete routing

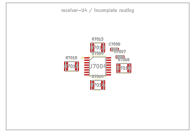

receiver-02 / incomplete routing

receiver-03 / incomplete routing

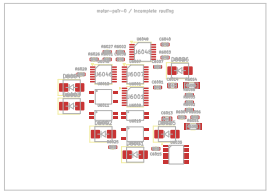

receiver-04 / incomplete routing

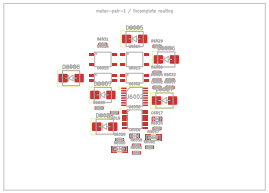

DI sensor/receiver terminal edge / RESERVED ONLY

motor/output terminal edge / RESERVED ONLY

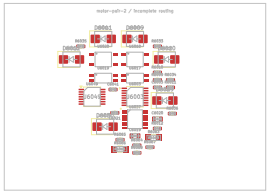

motor-pair-0 / incomplete routing

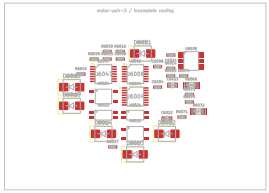

motor-pair-1 / incomplete routing

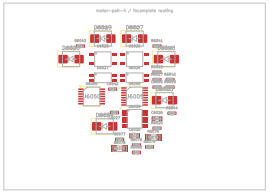

motor-pair-2 / incomplete routing

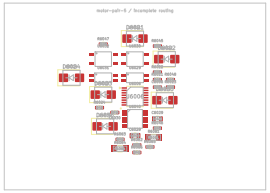

motor-pair-3 / incomplete routing

motor-pair-4 / incomplete routing

motor-pair-5 / incomplete routing

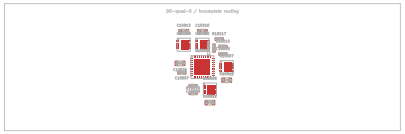

motor-control-A / incomplete routing

motor-control-B / incomplete routing

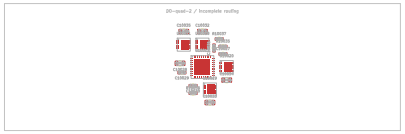

DO-quad-0 / incomplete routing

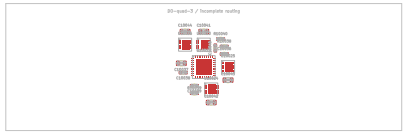

DO-quad-1 / incomplete routing

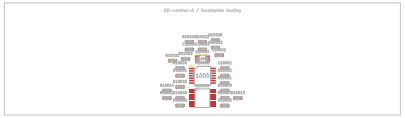

DO-quad-2 / incomplete routing

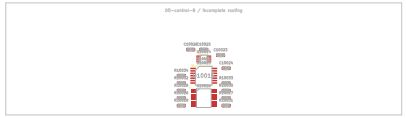

DO-quad-3 / incomplete routing

DO-control-A / incomplete routing

DO-control-B / incomplete routing

purchased compute bay / RESERVED ONLY

replaceable purchased ESP/service / RESERVED ONLY

storage/swithgs/accessory and analog/comms / RESERVED ONLY
